

Semantic Interoperability (glossary)

[talk:extended enterprise](#) > [geographic data](#) > [software](#) > [Special:CiteThisPage](#) > [semantic interoperability](#)

The printable version is no longer supported and may have rendering errors. Please update your browser bookmarks and please use the default browser print function instead.

The ability to exchange data in such a way that the precise meaning of the data is readily accessible and the data itself can be translated by any system into a form that it understands. (Adapted from Heflin and Hendler 2000)

Sources

Adopted from: Heflin, J. and J. Hendler. 2000. "Semantic Operability on the Web". *Extreme Markup Languages*. Accessed 7 September 2012. Available at: <http://www.cs.umd.edu/projects/plus/SHOE/pubs/extreme2000.pdf>.

Discussion

None.
