Davidz, H.L., and M.W. Maier. 2007. "An Integrated Approach to Developing Systems Professionals." Proceedings of the 17th Annual International Council on Systems Engineering (INCOSE) International Symposium, June 24-28, 2007, San Diego, CA, USA.

Usage

This source is considered a primary reference for the Developing Individuals article.

Annotation

This paper provides a foundational process for developing systems engineering competencies in individuals that is generalizable and applicable to all organizations seeking to foster and manage systems engineering capability in their organization.
