> Hantry, F., M.P. Papazoglou, W. van den Heuvel, R. Haque, E. Whelan, N. Carroll, D. Karastoyanova, F. Leymann, C. Nikolaou, W. Lamersdorf, and M. Hacid. 2010. "Business Process Management," in *Service Research Challenges and Solutions for the Future Internet S-Cube – Towards Engineering, Managing and Adapting Service-Based Systems*, edited by M. Papazoglou, K. Pohl, M. Parkin, and A. Metzger. Berlin and Heidelberg, Germany: Springer-Verlag. p. 27-54.

Usage

This source is considered a primary reference for the Value of Service Systems Engineering article.

Annotation

This article covers the basic principles of business process management and introduces a business transaction language to realize a novel business transaction model for end-to-end business services. This book helps provide an environment where robust and successful service-based applications (SBAs) can be realized by combining application integration strategies with transaction-based business process management technologies.
