Shenhar, A.J. and D. Dvir. 2007. *Reinventing Project Management: The Diamond Approach to Successful Growth and Innovation*. Boston, MA, USA: Harvard Business School Publishing.

## Usage

---

This source is considered a primary reference for the Systems Engineering Organizational Strategy article.

## Annotation

---

This source provides a framework for evaluating projects in terms of four characteristics: technology, complexity, novelty, and pace. The book provides recommendations on appropriate management approaches based on the profile for a given project.
