Valerdi, R., and D.J. Nightingale. 2011. "An Introduction to the Journal of Enterprise Transformation." *Journal of Enterprise Transformation*. 1 (1): 1-6.

Usage

This source is considered a primary reference for the Enterprise Systems Engineering article.

Annotation

This article describes the motivation for the *Journal of Enterprise Transformation*, articulates its objectives, and provides examples of research hubs around the world that are helping define the scope of the field. It also introduces the inaugural issue of the journal - volume 1, issue 1 - which contains three articles that identify and compare theories of enterprise transformation across various domains. Finally, a discussion on the role of professional societies in this endeavor is supported by a comparison of existing journals in industrial and systems engineering and the *Journal of Enterprise Transformation*.
