

Evolutionary (glossary)

evolutionary

The printable version is no longer supported and may have rendering errors. Please update your browser bookmarks and please use the default browser print function instead.

A development method in which successive versions are produced to respond to discoveries surfaced by the previous versions. It is applied when requirements are uncertain and/or when technology experimentation is required. The alternative method is linear development.
(Forsberg, Mooz, Cotterman 2005, p 423)

Discussion

There is a substantial amount of discussion on evolutionary development in the section on Life Cycle Models.

SEBoK v. 2.9, released 20 November 2023
