Wasson, C.S. 2006. *System Analysis, Design, and Development*. Hoboken, NJ, USA: John Wiley & Sons.

Usage

This source is considered a primary reference for the following articles:

- Product Systems Engineering
- Product as a System Fundamentals
- Business Activities Related to Product Systems Engineering
- Product Systems Engineering Key Aspects

Annotation

This book introduces SE concepts, principles, and practices in a systematic manner for system analysis and engineering through the use of practical, real-life examples. The book covers specific aspects of system analysis, design, and development to help acquire, design, develop, deploy, operate, or support systems, products, or services.

SEBoK v. 2.9, released 20 November 2023
